

Welcome to Duluth! Consider this your Field Guide.

We love it here, we hope you do too. It's a place as full of adventure as it is rough around the edges. One toss out fact, Duluth has produced over 150 Olympians.

So, what is there to do here? And where do you do it? We put together a few of our favorites to get you started. You can also go [Perfect Duluth Day](#), [Visit Duluth](#) or google it for more ideas. Or simply ask a local, we've all got our favorites spots around town.

Duluth lies on a WSW-ENE axis so locales are found on the West end (like Spirit Mtn.), Lincoln Park (just west of Downtown), the East side, Downtown and Canal Park. You can also head up "over the hill" and find the mall (Miller Hill Mall) and big box stores.

It'll probably be best to leave finding the following spots to your own devices but the links are there if you need them.
